RE : Recommendation of NKM Communication to prospective Clients

This letters serves to confirm that we have sourced and used the services of the above mentioned company during our teambuilding and year end function held in December 2009, under the name of Intersite Property Management Services.

The services provided were of great satisfaction and hope to use them in future events. We would, as and when recommend NKM Communication to other prospective clients.

Regards,

Jongizizwe Dlabathi
Assistant Manager: Supply Chain Management
